**DICKIES TO EXHIBIT AT SPE OFFSHORE EUROPE**  
**2015 8<sup>TH</sup> TO 11<sup>TH</sup> SEPTEMBER**

Dickies has joined forces with KONG® to develop an exclusive new range of Impact gloves. These gloves are built on the proven expertise of the KONG® chassis. Proudly branded Dickies® they cover jobs both “on” and “off” the drillhead: from rigger gloves with a Duraclad® rope channel that offer 8x durability where the riggers need it most, to Deck Hand Cut 5 glove that can withstand the most extreme rigours.

Dickies have also recently added a new range of CE Marked safety glasses for 2015. These include: Dickies lightweight safety glasses which have an economical wrap-around single lens providing full panoramic view, an integrated nose piece and soft, non-slip rubber temple tips. The lenses are coated for superior scratch resistance and provide 99.9% protection against harmful UV rays.
